

Japan Real Estate Investment Fair 2015 in Taiwan

Mitsui Fudosan Realty cooperated with Mitsui Fudosan Realty Sapporo to host a booth at Japan Real Estate Investment Fair 2015 held in Taipei International Convention Center on Saturday, December 12. There was a good turnout of about 300 visitors.

In addition to the booth exhibition, we organized a presentation providing an overview of Hokkaido market, and introducing properties in the center of Sapporo and ski resort areas of Niseko.

The presentation turned out to be so popular that even standing room was packed when we introduced Mitsui Fudosan Residential's new luxury condominium, Park Homes O-odorl Park Comfort Premier (<http://www.31sumai.com/mfr/H1201/>), recognizing heightened interest in Hokkaido properties because of Hokkaido bullettrain Shinkansen) scheduled to go into operation on March 26.
