
International Department: Bank of China's Real Estate Investment Exhibition

On November 11, an exhibition for overseas real estate investment was held at the JW Marriott Hotel, organized by Bank of China's Beijing Branch, Private Banking Division.

Bank of China's multiple branches across the world (including Tokyo, U.K., France, Singapore, Australia, New Zealand, Thailand, etc.) and selected real estate companies opened booths to attend to customers at the event.

Of the total 350 parties who participated the event, approximately 30 of them visited Mitsui Fudosan Realty's booth and enthusiastically inquired about the Japanese real estate market, individual properties, loans, etc.

Although many attendees had limited experience in investing in Japan, they expressed great interest in purchasing properties, substantiating experience at our International Department that one out of three transactions handled in the first half of this fiscal year were by buyers from Mainland China.

At Mitsui Fudosan Realty's booth:
(from left) Mr. Yokomizo, Group Leader; Bank of
China's Mr. Pan; Mr. Du; Ms. Feng; Mr. Xue
