

## Participation at the Japanese Real Estate Investment Exhibition for Taiwan's Investors

On December 10 (Saturday), the Japanese Real Estate Investment Exhibition sponsored by Nikkei Agency Inc. was held at the Taipei International Convention Center. Mitsui Fudosan Realty's International Department, Consulting Division Brokerage Services Department, and Sapporo Institutional Brokerage Services Department jointly participated at the event.

As the second time participating, Group Leaders of each department provided presentations on investing in Japanese properties, and booths were set up for individual consultations. In total, over 100 parties of investors attended the event. We are grateful that many attendees visited our booths throughout the entire event, thanks to our locally well-known Mitsui brand and our lineup of products that included properties from both Tokyo and Hokkaido.

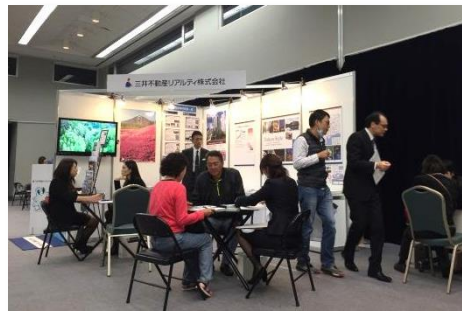

We look forward to providing our expertise and assisting attendees in their visit to Japan, in viewings of the properties, and in purchasing or selling Japanese properties.

Mitsui Fudosan Realty Co., Ltd.
